SUMMARY

Final-year Informatics Engineering student (Multimedia and Game Technology) at Universitas Siliwangi, expected to graduate in February 2027. Completed a graphic design internship for the RC Glow brand and independently run kreativa.dev, an IT education content account that grew to 3,407 followers in under 2 months.

EDUCATION

Universitas Siliwangi Expected Feb 2027
Bachelor of Informatics Engineering, Multimedia and Game Technology concentration
Thesis: Comparing CLAHE and CLAHE-NLM for Low-Light Image Enhancement

EXPERIENCE

Graphic Design Intern, PT Renjana Sinergi Indonesia May 2025 – Aug 2025

- Designed social media content for the RC Glow brand, averaging 2 briefs per week with 3–4 design slides per brief
- Turned team briefs into publish-ready designs using Adobe Photoshop and Canva
- Kept visuals consistent with the client brand guidelines and delivered designs on team deadlines

PROJECTS

kreativa.dev, Content Creator and Designer (Personal Project) Sep 2026 – Present

- Grew an IT education content account on TikTok from zero to 3,407 followers and 80.9K likes in under 2 months
- Designed the visual identity and carousel templates, applied consistently across 40 published posts
- Reached 178K views on the best-performing post
- Managed the full process independently, from planning content series to publishing

Personal Portfolio Website, abdeealfarizi.vercel.app

- Built a portfolio website with Next.js and deployed it on Vercel
